Tools and techniques to help companies transform quickly. No single methodology fits every company, but there is a set of practices, tools, and techniques that can be adapted to a variety of situations.

10 Principles of Change Management - Strategy+Business

If you have even a small track record of helping people change, you are familiar with the dynamics regarding change: client presents with problem (often precipitated by a crisis), becomes aware of compelling reasons to adopt a healthier lifestyle or cease harmful behaviours, and then hems and haws, straddling the fence with incomprehensible ambivalence.

Principles and Techniques of Motivational Interviewing - AIPC

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...
